PITTSBURG PHIL DUMPED.

A Bookmaker's Tin Wedding-Gossip of the Track.

The first race at Guttenburg, yesterday, furnished an opportunity for one of those great scoops which are often inflicted on the ring. As much as \$15,000 is said to have been taken out of the ring. Harry itussell, a norse that always possessed speed, was the innocent medium through which a few sharpindividuals won all the money. Only a few days ago be was put up at suction. No one wanted him and his owner bought him in for \$100. A few the prices opened in the ring against him coared steadily upward until 40 to 1 was offered. Money began to come in at the rate of \$2 a citp. The cute ones were very cautious. They did not want to scare the game. At length the bookies began to cut the price. Then the money went in at \$5 bills, and finally, as the betting progressed, it was going on in lumps of \$50. The odds were reduced from 40 to 1 to 5 to 1, and the horse won in a canter. It was one of these rarely good things that are only pulled off about once a year iderman Hopper, of Paterson, was one o the heaviest winners.
